

## Queen of Hearts, Board

### **Jonathan Standoloff – Chairman**

Before emigrating in 2011, Jonathan had worked in his family's firm, Stanair, since leaving school. IT trained and with a wealth of management experience he has been the backbone to the growth and stability of Queen of Hearts. Married to Carron and with one grown son, Sam, life is a little more leisurely than in England. Often seen mowing the lawn and maintaining the schools, "Mr Jon" is a shout of glee we hear from the children when they see him on his tractor mower.

#### **A message from Mr Jon**

*Queen of Hearts is definitely a large part of our lives as a family. It has been a pleasure, over the years, getting to know Queen of Hearts families.*

### **Carron Standoloff – Managing Director**

Carron spent the majority of her 20's and 30's at Tylney Hall Hotel and then Wadenhoe House in England, building a strong hospitality and hotel management career. Moving into a national charity in 2006 as regional director for Marie Curie Cancer Care she was able to use the skills and knowledge learnt to lead a strong team of fundraisers and volunteers. Her third career change came when she moved to Canada in 2011 starting with a small homecare in the current Balmy Beach location, before having it licensed as a Nursery School for 26 children per day. Queen of Hearts now offers care locally for over 200 children per day in our Nursery Schools and School Age programs.

#### **A message from Carron**

*In my wildest dreams I would never have imagined I would have the honour of getting to know so many wonderful children and parents. It is truly humbling for me to be part of the Queen of Hearts family*

### **Heather Younghusband – Operations Director**

Heather began her career as an Honour graduate from the E.C.E program of Georgian College. She went on to work in various child care settings including being a live-in Nanny, Supervisor of a Montessori summer camp and taught in other childcare institutes. After time, Heather completed her Bachelor of Arts degree in Sociology and Psychology and a Bachelor of Education degree from Nipissing University. She then worked in schools in the Toronto area and with the Ottawa-Carlton District School Board as well as running her own Tutoring business. During this time she began her family and moved back to Owen Sound with her family where she continued to provide care for children in Day Care environments. Joining Queen of Hearts in June 2013 and becoming Nursery Manager in December 2013, Heather brings a natural love, warmth and respect to the children at Queen of Hearts, stimulating and challenging them whilst helping them to grow socially and emotionally. In August 2018 Heather joined the Board of Directors as Operations Director ensuring that our schools are continually striving for excellence through hands on and dedicated leadership.

#### **A message from Heather**

*I never imagined that when I began my journey as a teacher at Queen of Hearts that I would have the opportunity to grow and develop as an educator in such amazing ways. As my roles quickly evolved so did my love for Queen of Hearts and continue to do so with meeting each family, child and staff member. I cannot imagine a better career and look forward to all the exciting possibilities to come.*
